David Williams made a motion to table tonight's discussion until Tuesday, March 29, 2016 Jim Bowers seconded, all in favor.

Bob Temple, CEO will deliver, either to the town office or to the Board Member's home, material at least 7 days prior to any meeting.

Mitch Garnett stated we will not deliberate on Linscott's Gravel Extraction tonight. We will pick it up on the 29th.

Troy and Carmen Hatch want to bring back their auto body shop request. Bob Temple stated they will submit a new application because of the time frame since he tabled the request in 2014 and we have new Board members.

Bob Temple also stated that Robert Marks has an old subdivision that had been approved by the Board, many years ago. One person owns two abutting lots in the subdivision. He wants to change the boundaries. He will come in with a recordable plan that will show the change.

Mitch Garnett stated that when an application is tabled the Board should put a time frame in which they can resubmit or submit a new application.

Jim Bowers moved to adjourn at 7:15pm.

Respectfully submitted,
